Winter CTEIS: What you need to know!

EMC and Dual Enrollment Data Due Date

March 15: Final EMC and Dual Enrollment data is submitted to OCTE and **must include correct student UICs.**

Reporting of High School and College Credit for TSDL

We have updated CTEIS to allow the reporting of High School and College Credit for Dual enrollment courses. You will now be able to enter credits for a student by student, if necessary.

To learn more about how to enter college credits for a student, please view **the Reporting of High School and College Credit for TSDL** document.

Assessments

Please note that we will be doing extraction for Precision Assessment (Health Science CIPs) on March 23 and April 13, 2018.

Remember that CTEIS provides a student extraction tool for ASE and NOCTI assessment. To learn more about extraction tools please view the **Assessment section** and the read the **Assessment Newsletter** on the Wiki.

Follow-Up Begins

Preparation

The Follow-Up survey gets underway in February. Follow-Up gathers information from students who recently completed a CTE program about how their CTE training has impacted their career choices.

Tips for Follow-Up

If this is your first time working on Follow-Up, be sure to:

- Attend training (see Follow-Up Training Dates).
- Review the **Follow-Up Training Video**.
- Remember the CTEIS Help Desk phone number (1-800-203-0614 ext. 128 or 1-517-333-9363 ext. 128).

FAQs

Q: For students doing 3 + 1 programs (3 years at community college and 1 year at university), how should we mark them on the follow up survey for Part B: School? They are going for a bachelor's degree, however, currently they are at the community college level.

A: Please mark them as attending the community college. The community college is the primary one that they are attending currently and should thus be marked as such.
