

CTEIS User Group Meeting (Teams)
Wednesday, March 9, 2022
9:00 – 10:00 am

Notes from Microsoft Teams Meeting

1. Attendance of CTEIS Representatives for each CEPD (obtained from **Chat**) – see last page.
2. PTD Technology Update
 - MiLogin
The transition from CTEIS to MiLogin is going well. There are still a few issues with linking MEIS accounts, but PTD Technology is working through them. The error messages have been improved to be more easily understood.
 - Follow-up
The Follow-up is almost wrapped-up. PTD Technology will be contacting some of the districts to verify their data. This year, PTD will again be doing a Follow-up Study (in April), contacting students to verify the data collected.
 - 4483 Enrollment Report
Tomorrow (March 10th) PTD Technology is conducting a training session for optimizing enrollment reporting. To register for future training, please use this link: <http://support.cteis.com/Training/Registration-General-Info>
 - PTD is continuing to rebuild and update all existing reports.
 - PTD Technology is working on migrating segments to competencies.
 - PTD Technology will now refer to programs and courses using the terms PIV (Perkins IV) and PV (Perkins V):
 - PIV – still reporting by segments
 - PV – have transitioned to competencies
 - 3-year Instructional Design Report - will now be in Excel format, and will list all segments (PIV) and competencies (PV) for each program and course.
 - Program Enrollment History Report – will show a student’s progress through the program, by reflecting the prior year segments and competencies each student has completed. (Note: Eventually, the segments shown on this report will be converted to competencies.) This report will be an Excel export.
 - Competency Profile Report – will show the conversion of segments (that have been completed) and what they would look like as competencies. The combination of the Program Enrollment History Report, and the Competency Profile Report, will give the full picture of the student’s progress through the program.
 - The Completer Assessment Report will be renamed the **Student Advancement Report**.
 - The CPI Reports are being updated. A few are available, and we are slowly making progress.

3. Questions and Discussion

- Have the competencies for the Auto Technician program (CIP Code 47.0604) been updated in CTEIS? Yes, in January the old competencies were replaced with the new competencies.
- Is it possible to add a column for “school year” to the Program Enrollment History Report? Yes, Doug will check into this.
- Comment: In the 3 Year Instructional Design report, I've found it helpful to do a Find/Replace in the segmenting column to change the zeros to dashes (-) to make the patterns easier to read. The zeroes make it very "busy" and hard to read.
- Many people indicated that they were having issues with the Invalid UIC Report. It's showing discrepancies in the core fields, but the information in these fields looks correct. The UIC Checker is very rigid, but PTD can take a look at the issues and see if they are okay, and allow them to pass through the checker. If users upload a large number of UICs, it can take a few days to check them all. Sharon Grover, Sharon Gerlach, and Michelle Hills indicated that they had imported their students weeks ago and they're still not resolved. Doug will check into this.
- Comment: It was helpful when the import filter became more lenient over the years, allowing the student to be imported and fixed once they're in the system.
- The Copy feature within Manage Enrollment isn't working. I've tried working within Google Chrome and Edge and upon giving the Copy the correct section, dates, and subsection, it comes back either as an error or maybe will move 1 student. Doug will check into this.
- PTD is updating the validation process for Perkins V (PV) courses.
- PTD will be adding Reports for Work Based Learning (WBL).
- Sharon Gerlach indicated that competency D1 (for Health students in clinicals) was not available in CTEIS. Doug will check into this.
- Steven indicated that the current year's WBL data was overwriting the prior year's WBL data. Others indicated that the WBL data was not overwriting, but instead, it was recording the data again, so that each UIC/student name is listed twice – and not merging the WBL data together. Doug will check into this.
- Shannon had questions about the 3-Year Instructional Design Report. Doug explained that this report is grouped by program, so the first record displays program data, then course completion data is in a different column.
- Shannon had difficulty linking PICs of previous staff to courses, and had to manually re-enter the staff. (Can't find previous staff in CTEIS.) Doug indicated that PTD is working with CEPI to increase scrutiny of PICs, which may have caused some of the staff to be removed. Teachers have to be actively employed, active in the REP (Registry of Educational Personnel) in the district, and have a valid PIC. Shannon

asked about details of what determines validity of PICs, and would like step-by-step instructions to fix them. Doug is working on it.

- PSNs have not yet been assigned to the new CTE programs. We are waiting for the GEMS automated process to be implemented.
- There are still issues with the import function. The start date has been “flipping” the month and day. PTD Technology is aware of this problem, and correction will be forthcoming.
- Steven had questions about the CIP Codes that will be going through the Career Pathways Grants (CPG) process and transitioning to reporting by competency. Jill explained that OCTE will not know which CIP Codes will transition until the grant work has been completed. Below is a link to the list of program CIP Codes that applied for CPG grants this year.
