

CTEIS User Group Conference Call
Wednesday, April 15, 2009
10:00 – 11:00 am

Notes from Conference Call

1. Roll Call of CEPDs. (See attached)
2. PTD Update
 - People are finishing up their 4483D Reports, and things seem to be going smoothly. The CTEIS Help-desk has been pretty quiet, so no major issues.
 - Follow-up has a few district-specific issues that are being resolved, but seems to be going smoothly as well.
 - CEPD Options will be closed soon, so that processing of the Added Cost funding can begin.
 - The 4301 year-end report is coming up – due the end of June. This year, the ***district exit status*** and ***completion status*** will no longer be entered by districts. The exit status will be obtained from MSDS and the completion status will be calculated based on segments reported on the 4483D. So the only data item districts will be required to submit on the 4301 Report is **letter grades** for course sections. The exit status and completion status will appear on the report for information purposes.
 - There will be no “in-person” 4301 trainings this year. Instead, PTD is developing training videos that will be posted online near the end of April or beginning of May. Depending on need, PTD may also provide one or two live webcasts in May for CTEIS Users.
3. OCTE Updates
 - No new information to report.
4. Issues from CTEIS Users
 - Why are students that dropped after the count date still appearing in the system? Users must enter a “W” (withdraw) code in order for CTEIS to recognize that the student has dropped. (There is no way for the system to determine whether or not a student who exited a course section before the end date received a grade in the course section).
 - Why are students who dropped shortly after the count date still appearing on the list of students Potentially Eligible for Assessment (PEAs), even though they have not completed any segments? The PEAs list is currently based on beginning enrollment, so those students who have dropped will continue to appear on the list. This is a brand new report, and we are still working out the details regarding how best to determine which students to include on this list. It is especially difficult this year, because we only have this year’s segment information upon which to base this report.

- CTEIS Users expressed concern that the deadline to order assessments is fast approaching, and districts need the most accurate PEAs list possible. We may revise the PEAs list to include programs that last year's students were enrolled in – in combination with the current year's students. In any event, CTEIS Users will need the teachers' input to determine which students to assess. (Only segments completed with a score of 2.0 or better will be counted.) In time, we will have a better handle on how to best present this information to be more helpful to teachers.
- The PEAs list "times-out" for districts with large numbers of students (e.g., Detroit). PTD is working on a solution.
- Will districts have to enter the assessment scores? No. The students' UICs will be entered into the online assessment system at the time the student takes the assessment test (Finance Cluster Assessment), or included in the assessment roster (Health Cluster Assessment). OCTE receives student scores directly from assessment vendors for the entire State by UIC. Assessment scores will then be matched with students by UIC and displayed for districts in CTEIS.
- How will OCTE determine completers this year? Completers will be determined based upon the total number of segments covered in successfully completed course sections (grade of 2.0 or better) in this current school year only. Students who complete a multi-year program this year will not be identified. These completers will not be reflected in CTEIS, nor will they appear on follow-up lists. (Districts may still choose to follow-up these students if desired, but the results will not be reported in CTEIS). In the case of concentrators, students enrolled this year and last year in the same program, will be identified as *concentrators*, regardless of the number of segments reported this year.

Next Scheduled CTEIS Conference Call, **Wednesday, May 20, 2:00 – 3:00 p.m.**
