

CTEIS User Group Conference Call
Wednesday, February 11, 2009
10:00 – 11:00 am

Notes from Conference Call

1. Roll Call of CEPDs. (See attached)

2. PTD Update

- 4483D – We are holding off on allowing districts to validate and submit their 4483D reports for a couple reasons. Although the count date is today (February 11th), many districts do not update their enrollment records on a daily basis, so if districts submit their 4483D reports too soon, enrollment drops/adds that occurred *before the count date* will not be reflected on the 4483D– which will ultimately impact the accuracy of Added Cost funding. Also, a new version of the UIC checker has recently been installed, and is undergoing further testing. With this new UIC checker, CTEIS Users will now have the ability to check student information on an individual student basis. If you enter the student's UIC as well as the *core fields* (first name, last name, date of birth, and gender), the system will notify you if this is a *secondary* UIC, and provide the *primary* UIC. If you enter only the core fields (without the UIC), the system will provide you with the *primary* UIC. PTD Technology is developing a comprehensive interpretation guide of UIC warning errors that occur, to help CTEIS Users better understand and resolve UIC issues. Validation for the 4483D will be open by early next week.
- The import process is being modified so that fields pulled from SDS (Student Data System) will no longer be a required part of the import file format. However, we will wait until the end of this year to implement the new format, so that file imports for this year will not be affected. Beginning next year, the file format used to import data will be revised.
- PTD Technology has developed an interactive bulletin board (*User Forum*) located on their website www.ptdtechnology.com/cteis. The User Forum can be utilized to submit questions, request improvements, express needs, or view information posted concerning specific reports. There is also a section called *Announcements* which highlights listserv messages that have been sent, and other pertinent information for CTEIS Users. You may find it helpful to visit this site frequently. **Note:** The User Forum will be monitored in order to correct any misinformation or misconceptions that may exist. To access the User Forum, go to the above website and:
 - Select **CTEIS** (blue line top of page)
 - Select **User Forum**
- Because of the reduction in 4301 reporting requirements, PTD Technology will no longer offer training classes for the 4301 Report. Instead, 4301 training videos will be developed and posted for CTEIS Users.

3. OCTE Updates

- The 4301 due date has been changed to **June 30, 2009**. However, because we are now obtaining grade level and graduate status data from SDS, the only data that will be submitted on the 4301 report is letter grades.
- Because grades are not required for Family Consumer Science programs (CIP Code 19.0000), ***if the only program you are reporting is CIP Code 19.0000, you will no longer need to submit a 4301 report.***

4. Issues from CTEIS Users

- Some CTEIS users with *Office 2007* operating systems are having difficulty importing grades into CTEIS. Doug indicated that when people save a file in Office 2007, it adds a file extension that is not recognized by CTEIS. Doug will check into this and post a fix to assist districts using Office 2007.
- Annette requested a longer period of time between “time outs” when entering grades in CTEIS. Doug indicated that making this change would have other more undesirable effects. He suggested instead, that users “update” more frequently – and Doug may possibly reduce the number of updateable records per screen, to force more frequent “updates” to occur.
- Jackie expressed concern regarding 12th grade completers (who completed some of their segments as 11th graders) not being counted this year as completers. OCTE is aware of this situation and is looking into options for handling this. Jill later indicated that in the case of ***concentrators***, if a student was enrolled in a program for both the 2007-08 and 2008-09 school years, that student ***will be counted as a concentrator.***
- Annette expressed a need for the ability to extract and export follow-up data into an Excel spreadsheet for manipulation (sorting by student last name). Doug will explore options.
- CTEIS users indicated that some of the *exit status* data in CTEIS is not accurate. Exit status data is imported into CTEIS from SDS records. Currently, the exit status reflected in CTEIS was obtained from the *fall 2008 SDS records* that were received and imported sometime in January. We have since discovered instances of multiple records and exit statuses for the same students in SDS, which has caused problems for CTEIS users. If you have questions regarding exit status, please contact either OCTE or John at the CTEIS help desk.
- Asa needs to determine the number of unduplicated student in Detroit. Doug will see if this kind of report could be generated through the Ad Hoc Query Tool.

Next Scheduled CTEIS Conference Call, **Wednesday, March 11, 2:00 – 3:00 p.m.**

CEPD Roll Call
