

CTEIS User Group Conference Call
Wednesday, January 13, 2016
9:00 – 10:00 am
Notes from Conference Call

1. Roll Call of CEPDs. (See attached)
2. PTD Technology Update
 - **New Training Opportunities for Fiscal Agents and CEPD Administrators**. In December, PTD Technology offered training for the Level 5 fiscal agency authorized officials specific to their CTEIS reporting responsibilities. PTD Technology is in the process of developing similar training for the CEPD Administrators, and is exploring a logical time of year to offer these trainings – once each year.
 - **New Program Application Module**. PTD Technology has made some revisions and tweaks to the New Program Application Module in an effort to make it more intuitive and flow better. If questions concerning this module, please contact the Help Desk.
 - **Follow-up Training** – is coming up in a couple weeks. PTD Technology just recently received the state data needed to generate the Follow-up Lists.
 - **Technical Skills Assessment Extraction**. Last Friday (January 8th), extractions occurred for NOCTI and Precision. There will be two more opportunities (March 25th and April 15th). Student must be enrolled in CTEIS course-sections by these dates in order to be available for selection for testing in participating CTE assessment systems. (Note: ACS students can be submitted via spreadsheet directly to the vendor.)
 - **Year End Reports**. The year-end processing has been completed. Year-end reports are now available in CTEIS.
3. Issues from CTEIS Users
 - **Steven Billes** – now that the end-of-year processing is complete, is the students' program enrollment history up-to-date -- Yes.
 - **Karie Taff** – When will the New Program Applications be approved by the consultants? Program consultants are currently in the process of reviewing and approving all new program applications. New Programs are issued PSNs in bulk, so once the application review is complete, all approved programs will be issued PSNs at one time. New program approval letters will also be sent to districts as soon as possible. OCTE is making every effort to expedite this approval process.
 - **Cheryl Ulsh** – What time of day does the assessment data pull occur? PTD Technology usually waits until the close of business on the due date.
 - **Jennifer Perry** – reminded CTEIS Users that once the PSN is approved and available in CTEIS, districts can download both enrollment and grades at the same time (rather than doing it as a 2-step process) – saves time.

- **Stacy Hammond** – wondered why her Coop-Capstone program does not show up in CTEIS. Beginning with the 2015-16 school year, the decision was made to no longer fund or collect information on these programs. All Coop-Capstone programs have been inactivated in CTEIS. (See attached notice scheduled to be sent this week.)
- **Information Concerning Early Middle College (EMC) Students** – there were a number of questions concerning EMC students. Following is some information that may be helpful in understanding the difference between EMC (Section 61b) students and Added Cost (Section 61a1) students:
 - An EMC program is a **5-year program** that includes a post-secondary component. Upon successful completion of the 5-year program, the students receive one, or more, of the following:
 - 60 College Credits
 - Associates Degree
 - Industry-Recognized Technical Certification
 - An EMC student must **not** complete all **graduation** requirements ***before*** the 5th year of the program.

(**Note:** during the conference call, I incorrectly stated that the student must not complete all *CTE requirements* before the 5th year – wrong. The student must not complete all ***graduation*** requirements before the 5th year, as stated above.)

If a student completes all graduation requirements ***before*** the 5th year, they are no longer considered a *secondary* student, and are **NOT** eligible to generate EMC funds. Therefore, an EMC student must take at least one high school required class during the 5th year of high school.

Note: By law, students are required to take a math class during their last year of high school, so districts often require their EMC students to take a math class during their 5th year of high school, so that they are still considered *secondary* students.

- CTE students are **NOT** eligible to generate **both** Added Cost (Section 61a1) as well as EMC (Section 61b) funds. Students are eligible to generate **either** Section 61a1 **OR** Section 61b funds – not both.
- **Reporting Early Middle College (EMC) Students for Section 61b Funds**
 - All state-approved EMC programs will be issued a PSN (program serial number).
 - EMC (61b) programs can be distinguished from Added Cost (61a1) programs by the ***Program Type*** codes identified below:
 - Program Type **EMC** = Early Middle College Program (61b)
 - Program Type **REG** = (Regular) Added Cost Program (61a1)
 - In some cases, districts may be providing instruction for both EMC students (61b) **and** regular students (61a1) within the same classroom, and the same CIP Code. In this case, there will be **two separate PSNs** issued – with the same CIP Code. The students in this classroom must be reported as two separate course-sections – under **two different PSNs** – being careful to report the students under the PSN with the appropriate **program type**:

The EMC students (61b) must be reported in the PSN with *program type* **EMC**.
The REG students (61a1) must be reported in the PSN with *program type* **REG**

Great care must be taken to ensure that students are accurately reported under the correct PSN (with the correct program type), so that the appropriate funds are generated for the appropriate students – 61b funds for EMC students – 61a1 funds for REG students.

- **As Always...** We encourage the CTEIS User Group, as representatives for their CEPD, to share information gleaned from these conference calls with other CTEIS Users in your respective CEPDs. Forwarding the Notes and information received from the conference calls is a good way to keep everyone informed, and may help to reduce problems, concerns, and errors.

Please see the PTD Technology website below for Minutes of past conference calls and additional information.
